Company Profile

Sector: Software

Specialty: Consulting and software specialist

Employees: 854 Status: 31.03.2023

Foundation: 1998

Head office: Stuttgart

Board of Directors: Peter Schneck, Axelle Mazé

For over 33 years, CENIT has been successfully active as a leading consulting and software specialist for the optimisation of business processes in the fields of Digital Factory, Product Lifecycle Management (PLM), SAP PLM, Enterprise Information Management (EIM) and Application Management Services (AMS). Standard solutions from strategic partners such as DASSAULT SYSTEMES, SAP and IBM are supplemented by CENIT's own established software developments. These include the FASTSUITE product family for software solutions in the digital factory sector, cenitCONNECT for processes around SAP PLM, cenitSPIN as a powerful PLM desktop, CENIT ECLISO for efficient information management and ECM Systemmonitor for monitoring IBM ECM applications. The company is represented worldwide at 26 locations in nine countries with over 850 employees. They work for customers in the automotive, aerospace, mechanical engineering, tool and mould making, financial services, trade and consumer goods sectors, among others.

Sales and earnings development Q1 2023

As expected, CENIT AG achieved a visible jump in sales in the first quarter of 2023 with an increase in sales of 22.7 % to € 43.42 million (PY: € 35.40 million). Inorganic effects contributed particularly to this development. ISR Information Products, which was acquired on 31 May 2022, was not included in the figures for the first quarter of the previous year. We assume an inorganic effect of approximately € 6.0 million in connection with the ISR acquisition. In addition, CENIT AG acquired mip Management Information Partner GmbH (mip for short) as of 30 January 2023, which we estimate to have contributed revenue of approximately € 0.7 million in the first quarter of 2023. In total, we estimate that the M&A-related increase in revenue amounts to approx. € 6.7 million, so that CENIT AG, adjusted for this effect, is likely to have generated sales growth of approx. 3.7 % to around € 36.7 million.

Revenues in the first quarter (in € million)

Sources: Cenit AG; GBC AG

As ISR's revenues mainly consists of consulting services, consulting and service revenues in particular increased strongly by 72.8 % to € 17.75 million (previous year: € 10.27 million). In contrast, software-related revenues (third-party and in-house software) remained at the previous year's level of €25.63 million (previous year: €25.10 million). Within the software revenues, recurring revenues rose to €24.09 million (previous year: €23.06 million) and thus provide good planning for the future development of software revenues.

Parallel to the strong increase in turnover, the EBIT rose to € 0.01 million (previous year: € -0.39 million). On the cost side, the visible increase in personnel expenses to €20.64 million (previous year: €15.65 million) is striking. The inclusion of 194 ISR employees led to an increase in the Group-wide number of employees to 854 (31.03.2022: 673 employees) and thus to a correspondingly strong increase in personnel expenses. In addition, the inflation compensation premium and wage adjustments led to a visible increase in personnel expenses. Furthermore, the strong increase in consulting and service revenues is also included here, which, in terms of costs, typically also runs through personnel expenses.

The bottom line for CENIT AG is a slightly negative result after tax of € -0.07 million (previous year: € -0.60 million). In the following quarters, as in previous years, the break-even threshold should be exceeded again. On the positive side, it should be emphasised that CENIT AG has net liquidity of € 2.41 million, even after the acquisition of ISR (purchase price: € 27.88 million). Bank liabilities of € 22.19 million are offset by liquid funds of € 24.60 million. CENIT AG thus has good flexibility with regard to the implementation of the further planned inorganic growth strategy.

Forecast and valuation

in €m	FY 2022	FY 2023e	FY 2024e	FY 2025e
Revenues	162.15	181.61	208.85	233.91
EBIT (EBIT-margin)	6.31 (3.9%)	9.80 (5.5%)	15.35 (7.4%)	19.79 (8.5%)
Net result	6.28	5.75	9.47	12.44

Source: GBC AG

With the publication of the Q1 2023 figures, which were in line with expectations, the CENIT management has confirmed the forecasts for the current fiscal year 2023. The updated guidance now expects consolidated sales in a range of € 175.00 to 180.00 million and an EBIT of around € 9.0 to 9.5 million. In the 2023 annual report, sales revenues of around €180 million and an EBIT of more than €9.5 million were envisaged. According to the CENIT management, the newly formulated guidance is not to be regarded as a forecast adjustment, whereby the upper values of the guidance range are still targeted.

Also on a full-year basis in 2023, the expected revenue growth of between 8 % to 11 % is likely to be due in particular to inorganic effects. The first-time full-year inclusion of ISR sales is expected to result in an additional revenue contribution of around €10 million. Furthermore, the additional revenue contribution of the acquired mip should be around € 3.0 million, so that the inorganic effect adds up to a total of € 13.0 million. In our opinion, organic revenue growth of 3.6% should be generated in parallel, so that we continue to expect total revenue of €181.61 million for 2023. In view of the order backlog, which at € 67.03 million (previous year: € 54.37 million) as at 31 March 2023 was 23.3 % above the previous year's value, this assumption is realistic. Based on the unchanged guidance, we also confirm our EBIT forecast, according to which we expect EBIT of €9.80 million for 2023.

The forecasts for the next two financial years 2024 and 2025 also remain unchanged. We continue to be guided here by the "CENIT 2025" agenda, according to which a sales level of approx. € 300 million and an EBIT margin of 8 % to 10 % are expected by 2025. Our forecasts do not take into account the company acquisitions explicitly expected to achieve these goals, which explains the sales gap between our 2025 estimates and the "CENIT 2025" agenda.

Due to the unchanged input, there are also no changes in the result of the DCF valuation model and we confirm our price target of €19.75. We continue to assign a BUY rating.

ANNEX

I.

Research under MiFID II

1. There is a contract between the research company GBC AG and the issuer regarding the independent preparation and publication of this research report on the issuer. GBC AG is remunerated for this by the issuer.
2. The research report is simultaneously made available to all interested investment services companies.

Section 2 (I) Updates

A detailed update of the present analysis/analyses at any fixed date has not been planned at the current time. GBC AG reserves the right to update the analysis without prior notice.

Section 2 (II) Recommendation/ Classifications/ Rating

Since 1/7/2006 GBC AG has used a 3-level absolute share rating system. Since 1/7/2007 these ratings relate to a time horizon of a minimum of 6 to a maximum of 18 months. Previously the ratings related to a time horizon of up to 12 months. When the analysis is published, the investment recommendations are defined based on the categories described below, including reference to the expected returns. Temporary price fluctuations outside of these ranges do not automatically lead to a change in classification, but can result in a revision of the original recommendation.

The recommendations/ classifications/ ratings are linked to the following expectations:

BUY	The expected return, based on the derived target price, incl. dividend payments within the relevant time horizon is $\geq + 10\%$.
HOLD	The expected return, based on the derived target price, incl. dividend payments within the relevant time horizon is $> - 10\%$ and $< + 10\%$.
SELL	The expected return, based on the calculated target price, incl. dividend payments within the relevant time horizon, is $\leq - 10\%$.

GBC AG's target prices are determined using the fair value per share, derived using generally recognised and widely used methods of fundamental analysis, such as the DCF process, peer-group benchmarking and/or the sum-of-the-parts process. This is done by including fundamental factors such as e.g. share splits, capital reductions, capital increases, M&A activities, share buybacks, etc.

Section 2 (III) Past recommendations

Past recommendations by GBC on the current analysis/analyses can be found on the internet at the following address:

<http://www.gbc-ag.de/de/Offenlegung>

Section 2 (IV) Information basis

For the creation of the present analysis/analyses publicly available information was used about the issuer(s) (where available, the last three published annual and quarterly reports, ad hoc announcements, press releases, share prospectuses, company presentations, etc.) which GBC believes to be reliable. In addition, discussions were held with the management of the company/companies involved, for the creation of this analysis/these analyses, in order to review in more detail the information relating to business trends.

Section 2 (V) 1, Conflicts of interest as defined in section 85 of the Securities Trading Act (WpHG)

GBC AG and the analysts concerned hereby declare that the following potential conflicts of interest exist for the company/companies described, at the time of this publication, and in so doing meet the requirements of section 85 of the Securities Trading Act (WpHG). A detailed explanation of potential conflicts of interest is also listed in the catalogue of potential conflicts of interest under section 2 (V) 2.

In relation to the security or financial instrument discussed in this analysis the following possible conflict of interest exists: (5a,6a,7,11)

section 2 (V) 2, Catalogue of potential conflicts of interest

(1) At the time of publication, GBC AG or a legal entity affiliated with it holds shares or other financial instruments in the company analysed or the financial instrument or financial product analysed. (2) This company holds over 3% of the shares in GBC AG or a legal person connected to them.

(3) GBC AG or a legal person connected to them is a market maker or designated sponsor for the financial instruments of this company.

(4) GBC AG or a legal person connected to them has, over the previous 12 months, organised or played a leading role in the public issue of financial instruments for this company.

(5) a) GBC AG or a legal entity affiliated with it has concluded an agreement with this company or issuer of the analysed financial instrument in the previous 12 months on the preparation of research reports for a fee. Under this agreement, the draft financial analysis (excluding the valuation section) was made available to the issuer prior to publication.

(5) b) After receiving valid amendments by the analysed company or issuer, the draft of this analysis was changed.

(6) a) GBC AG or a legal entity affiliated with it has concluded an agreement with a third party in the previous 12 months on the preparation of research reports on this company or financial instrument for a fee. Under this agreement, the third party and/or company and/or issuer of the financial instrument has been given access to the draft analysis (excluding the valuation section) prior to publication.

(6) b) After receiving valid amendments by the third party or issuer, the draft of this analysis was changed.

(7) The analyst responsible for this report holds shares or other financial instruments of this company at the time of publication.

(8) The analyst responsible for this company is a member of the company's Executive Board or Supervisory Board.

(9) The analyst responsible for this report received or purchased shares in the company analysed by said analyst, prior to the time of publication.

(10) GBC or a related legal party has closed an agreement with the underlying company regarding consulting services during the previous 12 months.

(11) GBC or a related legal party has a significant financial interest in the analysed company, for example to get mandated by the analysed company or to provide any kind of services (such as the organization of fairs, roundtables, road shows, etc.).

(12) At the time of the financial analysis, the analysed company is in a financial instrument or financial product (e.g. certificate, fund, etc.) managed or advised by GBC AG or its affiliated legal entity.

Section 2 (V) 3. Compliance

GBC has defined internal regulatory measures in order to prevent potential conflicts of interest arising or, where they do exist, to declare them publicly. Responsibility for the enforcement of these regulations rests with the current Compliance Officer, Kristina Bauer, Email: bauer@gbc-ag.de

Section 2 (VI) Responsibility for report

The company responsible for the creation of this/these analysis/analyses is GBC AG, with registered office in Augsburg, which is registered as a research institute with the responsible supervisory authority (Federal Financial Supervisory Authority or BaFin Marie-Curie-Str. 24-28, 60439 Frankfurt, Germany).

GBC AG is currently represented by its board members Manuel Hölzle (Chairman) and Jörg Grunwald.

The analysts responsible for this analysis are:

Cosmin Filker, Dipl. Betriebswirt (FH), Vice Head of Research

Marcel Goldmann, M.Sc., Financial Analyst

Other person involved in this study:

Jörg Grunwald, Board of Directors
